Will Be More Than Top-notch in the River's Rise.

IT WAS RISING LAST NIGHT

But will be Stationary This Merning. This is Not as Much Water as lind Been Anticipated by Local River Men-The Resolute Weesks and Sinks Two Harges of Coal at the Sellaire Bridge-Keystone State Resumes - Late River News.

Although the Ohlo was rising late last night it is now believed that there will not be over twenty-two feet when the top-notch of the rise is reached, possibly a foot more.

Early yesterday morning the Pittsburgh tow-boat Resolute, passed down with a tow of coal. At this port her tow burgh tow-boat Resolute, passed down with a tow of coal. At this port her tow was in good shape, though the boat was handicapped by the floating ice which at that hour was thick. Below Wheeling, however, the Resolute got into serious trouble. Just above the Ballimore & Ohio bridge at Bellaire, the steamer's rudders became unmanagrable through the clogging of fee in them when the boat was straightening up for the run between the plers of the bridge, which are placed rather close. The pilots were unable to control the boat and tow which drifted down stream, striking one of the piers of the bridge, There were a few lively minutes then, and when the wrottage was cleared and the boat was spain under control below the bridge, she had nise barges of coal instead of eleven. Two of them had been stove in by striking the bridge pier and went to the bottom of the river. It is feared the sunken barges will be a serious impediment to navigation at this point when the river falls. It is probable the government will blow up the two wrecked barges as soon as possible. This will be done unless it is found they can be removed by the owners.

The Resolute was the first of the Pittsburgh coal fleet that passed Wheeling. The next were the J. A. Wood at 2 p. m. and the Jim Wood at 4 p. m., the tows of both of which were in good singe when passing Wheeling. Other tows were expected to pass down during the night. There is not, however, as large a shipment on this run as had been expected, for the reason that the Alicahents and will keep many tows in harbor until the bar aresed. A relevabone message

pected, for the reason that the Alleghe-ny's heavy ice is coming out with a rush, and will keep many tows in harbor until thas passed. A telephone message from Capt. James A. Henderson, of the Pittsburgh and Cincinnati packet line, received in the afternoon by Captain Cruckard, of the wharfboat, stated that received in the afternoon by Captain Crockard, of the wharfboat, stated that the Allegheny has let loose from Warran to the mouth, and that the lec, though broken up, was very heavy and would make navigation in it dangerous. He intended sending the Keystono State from Pittsburgh for Cincinnat! last night, but before deciding he and Captain Charley Knox, master of the Keystone, went up the Allegheny to take a look at the ice. On their return to Pittsburgh it was decided to start the Keystone State last night; She will be here this morning for Cincinnati at 3 o'clock, unless she is delayed by the ice. The Hudson was to have left. Parkersburg for Pittsburgh last night, but Captain agnew did not leaves the ice harbor then because the ice was running so heavily. This morning, however, the Hudson will start for above and will be hère late tonight. The Kanawha will probably leave Pittsburgh for Kanawha river points to-night reaching this port wednesday morning. The Ben Hur, also harbored at Pittsburgh, will not resume until Thursday. The smaller packets will not resume until the worst of the least desired the sea disappeared. sume until Thursday. The smaller packets will not resume until the wors: of the ice has disappeared. The marks at the public landing show-

same until Thursday. The smaller packets will not resume until the worst of the fee has disappeared.

The marks at the public landing showed twenty feet nine inches at 10 p. m., and it was believed that the top-notch of the rise would be not more than twenty-one or twenty-two feet. A telephone message from Pittsburgh last swening was to the effect that the river at Pittsburgh was stationary at 12 feet inches. The Monongalrela was falling, but the Allegheny rise will keep the stage in the Ohio up for a time.

A Pittsburgh dispatch says: All the towboats in port have up steam and part of the crews are on board, but, no coal can be shipped until the lee runs out. Some of the operators think _-til will be Wednesday before they can start the boats, for there is yet considerable to come out of the Allegheny. No further damage to river craft is anticipated. About \$.000,000 or 10,000,000 bushels of coal will be shipped. The following operators have boats ready to go: 8. Crump—Tom Dodsworth. 12 boats; Smokx City, 14 boats; J. C. Risher, S. boats. Wallon Company—Sam Clarke, 12 boats; Vallant, 17 barges; Joseph Wallon, 2 boats; 15 barges, Nelle Walton, 15 barges, Crescent Coal Company—Boaz, 12 boats; 15 barges, Nelle Walton, 16 barges, 2 flats; Enterprise, 14 barges, Owell & Co.—Fred Wilson, 17 barges; Little Fred, 10 boats, Lysle Coal Company—San Brown, 10 barges; Sam Brown, 14 barges. Owell & Co.—Fred Wilson, 17 barges; Little Fred, 10 boats, Lysle Coal Company—Boaz, 12 boats; Charley Brown, 10 barges; Sam Brown, 14 barges.

The following river telegrams were received last night:

GREENBBORO—River 14 feet 3 inches and falling. Roundy and cold.

MORGANTOWN—River 14 feet 3 inches and falling. Cloudy and cold.

MORGANTOWN—River 14 feet 3 inches and falling. Cloudy and cold.

MORGANTOWN—River 14 feet 3 inches and falling. Cloudy and cold.

MORGANTOWN—River 14 feet 3 inches and falling. Cloudy and cold.

Parkersburg—The Jim Wood, John A. Wood, Beaoutte and Rescue.

PARKERSBURG—The Ohio river is 25 feet 3 inches and falling.

More Victims of Scott.

Special Correspondence MORGANTOWN, W. Va., Feb. 7.— Every day is revealing fresh victims of C. F. Scott, whose career has been already given. Among them are servant girls, college professors, editors, supreme court judges and ex-governors. Ex-Governor A. B. Fleming was guiled out of \$20 while Scott was in Fairmont recently. Other facts con-Fairmont recently. Other facts con-nected with the hazing he received has leaked out. At one time during the or-

An Angel of Mercy.

Truly, the miraculous cures of rheumatism made by Salvation Oil, justly earned for it the title; an angel of mercy; for many bed-confined rheumatics have experienced the great, curative properties of this modern liniment. "I used Salvation Oil for rheumatism and found it a sure cure. I used three bottles and am now perfectly well, and I would feel myself a benefactor if I could induce every person afflicted with rheumatism to try Salvation Oil." James H. Bryant, Debruhla, N. C. Salvation Oil is sold everywhere for 25 cents, but some dealers may say, 'we are out of it," hoping to sell a cheap substitute instead. Insist on getting Salvation Oil, or go to some other dealer who will sell it to you.

deal, be fainted from fright, and it required several minutes to revive lim He is supposed to be somewhere in this stare, us he went south from here

THE RAILROADS.

An innovation in the shape of a locomotive with 50-inch wheels, placed in service by the Pennsylvania rullroad on is Pittaburga division, is attracting attention all over the United States from superintentients of molive hower and men interested in the operating departments of rathroads. The engines is known as a class L locomotive, and is now running regularly on fast trains between Pitteburgh and Altoona, and its driving wheels are twelve inches higher than any mountains. Some years ago, when the Pennsylvanis class K engine, No. 10, made its first appearance on the New York division of the road, with 72-inch drive wheels, it created withsaproad interest among railroad men all over the country, and was known as "Long-legged No. 10." The new class L engine now in use weighs about 135,000 pounds and carries a steam pressure of 180 pounds to the square inch. With an 30-inch wheel this engine will cover 19½ fect each revolution, and is capable of making 100 miles an hour when pushed to the extreme limit of its speed. It is undersood that locomotives with 80-inch wheels will be made the standard on the Pennsylvania lines west of Pittsburgh. its Pittsburgh division, is attracting at

A rate of one fare for the cound trip has been granted to lines interested, to t outside competition to the Mardi Gras festivities at Mobile and New Orleans. Tickets will be said from February 28 to March I inclusive, and good for fifteen days from date of sale.

For the Zanesville Meeting. The Joint Traffic Association has autrip from the trunk line western termini in Ohio to Zanesville, on account of the Ohio Republican League clubs' annual convention, February 11 and 12.

Station Agents Organize The National Association of Railway Agents has been revived. A special from Youngstown says the reorganiza-

Agents has been revived. A special from Youngstown says the reorganization was effected there at a meeting which was attended by about fifty agents. The object of the association is for sociability and educational purposes. The following officers were elected:
President, O. J. Hammon, of Pittsburgh; vice president, C. A. Witzel, of Cleveland; secretary, James Alken, of Youngstown; treasurer, A. N. Dietz, of Cleveland; executive committee. A. M. North, New Castle; J. F. McFarland, Cleveland; R. E. Lawrence, C. M. Stedwill, R. L. Gallagher, Pittsburgh.

It was streed that there were over 29.000 railway agents in the United States, and with the traveling agents the number would reach 50,000, all of whom, it was expected, would become members. A letter was read from Governer Taylor, of Tennessee, inviting the national association to meet in Nushville.

The election of Frank Thomson president of the Pennsylvania, means the promotion of over 1,000 officials on the promotion of over 1,000 officials on that system: The late Mr. Robers was president of a number of organizations identified with the Pennsylvania Company, and it remains to be seen whether Mr. Thomson will be called upon to fill the various vacancies caused by the former's death. Whether President Thomson will succeed his late predecesor as chairman of the board of control of the Joint Traffic Association is a question. He will have to be elected by the members of that body, but in certain quarrers it is thought that the bonor will go to President Depew, if he can be induced to accept it.

Meeting of Stockholders

PHILADELPHIA, Feb. 8.—The an nual meeting of the stockholders of the Dual meeting of the company, was held to-day in this city. The annual report showed gross earnings for 1896, \$4,613, 511 72; expenditures, \$3,229,534 42; net earnings, \$1,225,577 30.

The present board of directors was re-elected.

AMUSEMENTS.

The "standing room only" sign was out at the Grand last night, and, judg-ing by the evidences of appreciation on the part of the audience, "A Tornado" will play to packed houses during the remainder of the engagement. It is one of the few really first-class melodramss which have been seen in Whoeling during the season, and it is easily the best work which has yet come from the fertile brain of Lincoln J. Carter. "A Tornado" has been seen in Wheeling three times, and the company this season is much stronger than ever before. It is exceptionally well cast. The scenic effects are truly marvelous, the tornado, the shipwreck and the yiew of the Chicago harbor being friumphs of stage realism. There is no more intensely thrilling dramatic situation in any play than the dissecting room scene. "A Tornado" will be the attraction to-night and Wednesday matines and night. remainder of the engagement. It is one and Wednesday matines and a Secrue seats early at the box office

New York Stars. The New York Stars Specialty Company will twinkle for all lovers of whole pany will twinkle for all lovers of wholesome vaudeville at the Grand opera house Thursday, Prinay and Satürday nights and Saturday matinee, February II, 12 and 12. This season's pickings consist of selected artists from the Old and New World, and nothing old or chest-nuty will be seen. Everything is new and up to date. Among the performers are Conway and Leland, the monopedes, in one-legged acrobate comedy, introducing their funny bicycle finish; beautiful Mile Ani, the European gymnastic marvel, in her thrilling performances in mid-air upon the trapeze and Spanish web, in which she has no equal; Frank D. Bryan, of the late National Trio, the numorist and parody singer, who is the nuthor of all the songs he sings; Deaves' "Merry Manklins," Miss Bonnie Lottie, the dancing sunbeam; Murphy and Me-Coy, comedians; John E. Drew, Giguerre and Boyer, singing and dancing duo; The Hiatte, in musical camedy, and concluding with the "Folly Trio," in a very funny comedy, entitled the "Tough Restaurant of Hogan's Alley." e vaudeville at the Grand opera house

Woman's Musical Cinb Concert. The concert of the Woman's Musical Club at the Opera House on Thursday

Club at the Opera House on Thursday night is an event that is interesting Musical Wheeling. Seats were on sale yesterday at House's yesterday and from the number of tickets sold it is assured that a lagge audience will greet the club. The programme is an assurance of an erloyable evening. Among the features are Mrs. Nellie Warren Holloway's plane solo, "Polanaise Andante Stiannto." opus 22. Chopin, and Miss Icabel Houser's selection, Mendelsshon's Concerto, opus 22. Mrs. Flora Williams will be heard in a dramatic production, and Miss Flora Poliarit is to give a violin solo. These are a few of the gems on the programme.

You Can be Well

When your blood is pure, rich and nourishing for nerves and museles. The blood is the vital fluid, and when The blood is the vital fluid, and when it is poor, thin and impure you must either suffer from some distressing disease or you will easily fall a vietim to sudden changes, exposure or everwork. Keep your blood pure with Hood's Sarsaparilla and be well.

A Miscellaneous Melange of Miner Matters from Marshall's Metropelis.

The Stark Oil and Gas Company has struck a good big oil well on the Wesley C. Riggs farm, near the corporate limits to the northeast. The strike is in the Big lujun sand. A report yesterday from the well says that drilling is being continued into the sand, and that there is an increase in the flow of oil as the drill goes down. Already there is a noticeable interest taken in the strike by oil men who have arrived from other fields. The outlook for a field of oil being opened near to town is promising at the present time and the long-ago predictions will be yet verified.

Following is the list of those who have entered the race for nomination for the city offices, subject to the Republican primary next Saturday: Formayor, L. B. Purdy Jacob. Crimmel, L. G. Hammond. Marshal, J. L. Davis, Robert Lowe, P. S. Hubbs, J. A. Manning. Clerk, C. W. Connor, J. D. Burley, T. S. Riggs, H. M. Riggs, W. N. Bonar, H. C. Humes.

The funeral of Mrs. Mary Swan, who died at the residence of her daughter, Mrs. R. H. McFarland, on Taylor's ridge on Sunday morning, at the age of eighty years, took place yesterday afternoon. Deceased was the mother of Mrs. I. F. Roberts, of this place.

SENATOR FAST'S STATEMENTS.

A Correspondent Disputes Some of Mis As sertions Regarding the Augusta County Project. a the Editor of the Intelligencer.

SIR:-On behalf of the good citizens of this place, and vicinity, as a reader of your paper, we beg to disabuse the minds of the readers of one of your city dallies which purports to have had an interview from Senator Fast.

The statements and bold masertions, without facts, of a man like Semator Past, about our citizenship, are uncalled for and without foundation.

We are not anarchists, oil jobbers and real extate speculiators, as the distinguished gentleman would have you believe. Neither is the town of Mandington a boom town. We have had a great growth and development, but it is supported by actual business and push. We have an interest and are acting under the direction of competent advisers in the bill creating, the new county of our state and are acting under the direction of competent advisers in the matter.

We have before the legislature maps made from actual surveys by competent surveyors, and the calculations made, and verified by two of as good civil engineers as there are in the state. They creditly to the constitutional areas for each county concerned.

Senator Fast says he has never seen any maps from the friends of the proposed new county. Our friends do not think his conduct toward them justifies them in seeking his offices.

Ex-Senator Furbey, Senator Hoge, ex-Delegate C. A. Prichard and ex-Delegate J. F. Sturm, who were born and raised in the proposed new county, have seen the maps, and believe them to be correct. They are all in favor of the proposed county. Are these experienced haw makers all wrong, and Senator Past, with his fifteen days experience, right?

Again Senator Fast says they have official maps of Monongalla, which show the area 300 square mites and charges the friends of the bill with stealing the official map of Marion, then with the next, breath says he is authorized by the Marion people to say as he has said for his county, that if the friends of the bill will give them (Monongalla and Marion counties) two weeks they will save official surveys of the two counties made, what one show had been mean? Did he not just say they had official surveys, and the says they had official surveys of the two counties made, the remain and Fayerts counties, in Pennsylvania, and the sourt room of Monongalla count

counties, Pennsylvania, and they contain more than that, and we have more than a dozen of the above named counties of West Virginia, with but 2,000 aquare miles. Now if you let him do his own estimating, at the present rate you can't count 19,000 aquare miles in the state.

Again, if he has official maps, why call for a report from the state auditor; books?

books?

We are asking for a county in the same way the people of Mingo asked some years ago. They were given the county, the is desirous of justifying his abuse of the good people of this section by courting interviews, and stating our people are trying to get their "bony fingers" on the constitution.

We are willing to leave our cause to the intelligence of the men composing

the intelligence of the men composing the legislature, and believe the request of more than 4,000 petitioners will be of avail. Senator Fast to the contrary notwithstanding. DAILY READER. Mannington, W. Va., Feb. 8.

FREE CURE FOR MEN.

A Michigan Man Offers to Send His Dis-covery Free-Claims to be a Benefactor to Weakened Mankind.

A Michigan Man Offers to sens the covery Free-Claims to be a Benefactor to Weakened Mankind.

There is always more or less suspicion attached to anything that is offered free but sometimes a man so overflows with generosity that he cannot rest until his discovery is known to the warld, in order that his fellow men many profit by what he has discovered. It is upon this principle that a resident of Kalamanoo, Mich. desires to send free to mankind a prescription which will cure them of any form of nervous debility; relieves them of all the doubt and uncertainty which such men are peculiarly liable to and restores the Organs to natural size and vigor. As it costs nothing to try the experiment it would seem that any man, suffering with the nervous troubles that usually attack men who never stopped to realize what might be the final result, ought to be deeply interested in a remedy which will restore them to health, strength and vigor, without which they continue to live an existence of untoid misory. As the remedy in question was the result of many years research as to what combination would be peculiarly effective in restoring to men the strength they need, it with form of nervous weakness ought to write for such a remedy at once. A request to H. C. Olda, Box 1766, Kalamazoo, Mich., stating that you are not sending for the prescription out of idiscursoity, but that you wish to make use of the medicine by giving it a trial, will be answered promptly and without evidence as to where information came from.

The prescription is sent free and al-based second and the send and al-based second and the send and al-based second and the send and al-based second and the second and al-based second and the second and the second and the send second and the second a

The prescription is sent free and al-The prescription is sent to though some may wonder how Mr. Olds can afford to give away his discovery, there is no doubt about the offer being genuine. Out this out and send to Mr. Olds so that he may know how you came to write to him.
